Thanks to the understanding, encouragement and unwavering support of my family.

My deepest thanks go to Hans Schreuder. Being a critic of climatology's current assumptions, I could never have had a better ally.

Oliver Manuel

For my wife and family, with gratitude for 50 years of joyful discovery and wonderful colleagues on the journey of life!

Joe Olson

I am most grateful to Lady Brewer of Rosehill and Lady Goodbaby of London. Special thanks also to Gabriel Rychert of Climate Realists and Judi McLeod of Canada Free Press.

Martin Hertzberg

For my wife, whose love and understanding were invaluable. Also, to my friend in Summit County, Colorado, and the High Country Unitarian Universalists Fellowship.

Claes Johnson

To Ingrid, for your love and patience.

Charles Anderson

For my beloved wife Anna Palka and my rational independent-thinking friends.

Hans Schreuder

To the late Dr Kanner who taught me proper science.
