FBI Work Load Assistance, Presidential Executive Order,
Retroactive Revocation of LIABILITY IMMUNITY for COVID-19 “vaccine”**

**Reference : Letitia James Illegal Use of NY Office of Attorney General :
Protecting Pfizer LIABILITY IMMUNITY Through Censorship**

Dear President Trump :

An Emergency Use Authorization (EUA) was issued by the FDA on 11 December 2020 because it included **LIABILITY IMMUNITY**. The key facilitator of the EUA, and the “vaccine” mandates of the Biden Administration, was **censorship**.

The PREP Act specifies “willful misconduct” as basis for revocation of LIABILITY IMMUNITY. In a public interview of 2021 I asserted :

“The issue of willful misconduct is more than covered with evidence that is already in the public domain. In my opinion, we are well into **criminal conduct**. So we have the issue of voiding the LIABILITY IMMUNITY provision; we are way beyond having that voided with evidence that is already in the public domain.”

Regarding criminal conduct, I also documented in 2021 the following crime-against-humanity :

“The COVID-19 ‘vaccine’ was not created in response to the SARS-CoV-2 virus, but the exact opposite.”

Mr. Anthony Fauci confirmed this crime at the January 2024 House Select Committee on the Coronavirus Pandemic (See Epilogue – Part 1, Page 39 below).

I am enclosing four documents :

- (1) My letter of 3 March 2022 to Mr. Anthony Fauci
- (2) My letter of 6 Aug 2025 to Elon Musk attorney Mr Joel E. Kurtzberg (Reference above)
- (3) My letter of 28 May 2024 to Pfizer Corporate Attorney Mr. Douglas M. Lankler

LIABILITY IMMUNITY : Underbelly of Year-2020 and Ongoing Criminality

Enclosure 1 : LIABILITY IMMUNITY was central to the crimes of Year-2020 events; ranging from COVID-19 to a “vaccine” mandating president. This reality is *partially* indicated by Enclosure 1 :

Reference 1: State of the Union Address – 1 March 2022
Reference 2: My Letter to Fauci, Pollack, et al., of 19 January 2022

After viewing of my willful misconduct interview, Mr. Fauci was compelled to subvert; having his “vaccine” mandate president lie to the entire world, not inadvertently, but purposely at the 2022 State of the Union Address! *

* After my interview of December 2021 (which detailed our 35+ year interactions), I telephoned Mr. Fauci *directly* to ensure/confirm his viewing. I had called that fellow Cornell University alum *many* times during his/their “vaccine” premised COVID-19 pandemic (301-496-2263).

LIABILITY IMMUNITY : Underbelly of Year-2020 and Ongoing Criminality

Enclosure 2 : My Letter of 6 August 2025 to Elon Musk attorney Mr. Joel Kurtzberg presents how LIABILITY IMMUNITY remains central to their evasion of criminal prosecution. **I present that their devotion to LIABILITY IMMUNITY requires subversion of the First Amendment.** The focus of their censorship is modRNA technology, hence their slithering behind the *compound* ruse :

“vaccine disinformation”

Indeed, that is the exact subject line of the March 24 2021 letter, signed by the notorious New York Attorney General; the criminal that prosecuted you (and your family) for mortgage fraud (?).

With their president installed (January 2021), it was crucial that basic truths about COVID-19 be concealed. This was especially critical to their pre-ordained sole remedy for COVID-19 : A modRNA technology that they deceptively marketed to the trusting public by deployment of a familiar term : “vaccine” (See **Enclosure 2**, cover letter Pages 9 – 10).

Ms. James was key to a global conspiracy that required a brutalizing censorship; she **abusively** deployed the power of the Office of the Attorney General in behalf of BigPharma / BigAcademia.

Ms. James deployed her letter **PRIOR** to Executive Order 14042. That EO represented delivery on the 2020 campaign promise by candidate Joe Biden to mandate the modRNA poisons.

As detailed in **Enclosure 2**, the purpose of her March 24 2021 letter was three-fold :

- (1) Protect the business plan/interests of her true client, New York based Pfizer Inc.
- (2) Ensure acquiescence / acceptability of the modRNA mandates through *enforced* ignorance of a naïve, fear-stricken, and trusting public.
- (3) **Protect as a crucial priority, the COVID-19 underbelly : LIABILITY IMMUNITY.**

During the drafting of this letter, you issued the following TruthSocial post :

Donald J. Trump  
@realDonaldTrump

It is very important that the Drug Companies justify the success of their various Covid Drugs. Many people think they are a miracle that saved Millions of lives. Others disagree! With CDC being ripped apart over this question, I want the answer, and I want it NOW. I have been shown information from Pfizer, and others, that is extraordinary, but they never seem to show those results to the public. Why not??? They go off to the next "hunt" and let everyone rip themselves apart, including Bobby Kennedy Jr. and CDC, trying to figure out the success or failure of the Drug Companies Covid work. They show me GREAT numbers and results, but they don't seem to be showing them to many others. I want them to show them NOW, to CDC and the public, and clear up this MESS, one way or the other!!! I hope OPERATION WARP SPEED was as "BRILLIANT" as many say it was. If not, we all want to know about it, and why??? Thank you for your attention to this very important matter! President DJT

In a adolescent diversionary reaction to your TruthSocial post (Page 4 above), the servile charlatan Mr. Albert Bourla declared :

Memo : Note that the BigPharma / BigHospital / BigAcademia rag, STAT+ cannot publish even a simple article without spewing disinformation . . . **Their byline conflates** that you “coveted” the Nobel Peace Prize, **but** as *directly* or *solely* connected to Operation Warp Speed. **That is a lie.** Only “vaccine” vested interests such as Mr. Bourla and media trolls like Mr. Herper have made that claim (about you).

Ongoing Ponerology of the COVID-19 Crime Syndicate : New York Governor Kathy Hochul

Enclosure 2 discusses the treasonous New York State Bill S895B. Everyone associated with its enactment is guilty of treason. You cannot preside in a state that has *two* Ivy League universities, **both touting world-famous law schools**, but claim innocence **while defecating** upon a most basic provision of the United States Constitution: The First Amendment.

Enclosure 2 details the lawsuit brought by (former head of DOGE) Mr. Elon Musk versus New York Attorney General Letitia James . . . focused upon the illegal anti-American S895B.

Enacting an institutionalized barrier to the truth; Governor Hochul and Ms. James signed S895B after-hours on December 24 2024 :

To avoid public awareness and legal scrutiny, Governor Hochul signed S895B into law on Christmas Eve. As emphasized in Enclosure 2 : their criminal censorship behavior, against dissemination of basic COVID-19 “vaccine” truths, has a *long* history.

Re: Vaccine Disinformation

Dear Messrs. Dorsey and Zuckerberg:

Ongoing Ponerology of the COVID-19 Crime Syndicate : New York Governor Kathy Hochul

The day after your 4 September 2025 White House BigTech gala (See Inside Sleeve – Rear) which hosted accommodating recipients of the Letitia James “vaccine disinformation” letter of 24 March 2021, Governor Hochul signed Executive Order #52 :

Simultaneous with EO-52, Health Commissioner Dr. James McDonald issued a “Health Advisory” that recommends that *all* get injected with the latest Pfizer modRNA poisons. **Consistent with prior COVID-19 crimes, these servants failed to inform : Are the pharmacists that are now authorized to “administer” modRNA poisons shielded by LIABILITY IMMUNITY?** This routine is called Lying-by-Omission; a central operative of ponerology.

Ongoing CRIMINALITY of Pfizer CEO Mr. Albert Bourla

Immediately before the 2020 presidential election, Mr. Bourla and Mr. Anthony Fauci conspired to ensure that Operation Warp Speed, and its “father,” was not accredited prior to installation of their “vaccine” candidate; the AutoPen that signed, the notorious Fauci pre-pardon (See Page 5 above).

In late 2020 Bourla filmed himself celebrating the alleged trial results from the modRNA poison that he marketed as a “vaccine,” and fraudulently claimed was “safe & effective.”

That the Pfizer “vaccine” trials reeked of criminal fraud was of no concern to the COVID-19 Crime Syndicate. *Why not?! Answer :*

LIABILITY IMMUNITY !

But . . . what was the Pfizer legal approach to nations where LIABILITY IMMUNITY does not exist? Such as the great nation of India? The Elon Musk birthplace of South Africa?

Enclosure 3 : My letter of 28 May 2024 to Corporate Attorney Mr. Douglas Lankler focused on a secret Pfizer contract of March 30 2021 with the Purchaser (South Africa) :

Purchaser Acknowledgement.

Purchaser acknowledges that the Vaccine and materials related to the Vaccine, and their components and constituent materials are being rapidly developed due to the emergency circumstances of the COVID-19 pandemic and will continue to be studied after provision of the Vaccine to Purchaser under this Agreement. Purchaser further acknowledges that the long-term effects and efficacy of the Vaccine are not currently known and that there may be adverse effects of the Vaccine that are not currently known. Further, to the extent applicable, Purchaser acknowledges that the Product shall not be serialized.

Ongoing CRIMINALITY of Pfizer CEO Mr. Albert Bourla

Immediately following the first presidential debate (October 2020), wherein Joe Biden declared his intention to mandate the “vaccine,” Mr. Bourla celebrated with a memo to Pfizer staff :

“There are three key areas where, as with all vaccines, we must demonstrate success in order to seek approval for public use. First, the vaccine must be proven effective, meaning it can help prevent COVID-19 disease in at least a majority of vaccinated patients. Second and equally important, the vaccine must be proven safe, with robust safety data generated from thousands of patients. And finally, we must demonstrate that the vaccine can be consistently manufactured at the highest quality standards.”

Refuting this platitude, Bourla was aware that he **was not in trials with a standard art vaccine**. Instead, participants were injected with a contraption so poisonous that previous modRNA animal trials (SARS-CoV-1) resulted in complete death (ferrets). Bourla was fully-aware that Operation Warp Speed had skipped the animal trials, and **would be seeking an EUA, not approval**.

The 2020 election occurred on November 3. Installation of Joe ‘Vaccine Mandate’ Biden was announced on Saturday November 7. On Monday November 9 2020, **as part of an agreed-to delay**, Bourla announced his trial results, and emphasized that he would only offer his modRNA poisons **under an EUA**, and therefore **only if Pfizer was shielded by : LIABILITY IMMUNITY**.

Nowhere in the Bourla press release of November 9 2020; but also at no time during the FDA approval meeting of 10 December 2020 (which I watched live), did the two Pfizer representatives qualify their modRNA injections with the following stark truths :

“ . . . the long-term effects and efficacy of the Vaccine are not currently known.”

“ . . . there may be adverse effects associated with the Vaccine which are not currently known.”

Those hidden truths were part of **the secret Bourla / Lankler legalistic go-around** which shielded their modRNA **in nations that do not offer LIABILITY IMMUNITY** . . . such as the birthplace of former DOGE Director, Mr. Elon Musk; the Republic of South Africa :

Purchaser Acknowledgement.

Purchaser acknowledges that the Vaccine and materials related to the Vaccine, and their components and constituent materials are being rapidly developed due to the emergency circumstances of the COVID-19 pandemic and will continue to be studied after provision of the Vaccine to Purchaser under this Agreement. Purchaser further acknowledges that the long-term effects and efficacy of the Vaccine are not currently known and that there may be adverse effects of the Vaccine that are not currently known. Further, to the extent applicable, Purchaser acknowledges that the Product shall not be serialized.

Florida Governor Ron DeSantis is a member of the Republican Governors Association (RGA). Leading up to the following **preposterous headline**, Governor Kimberly Reynolds endorsed the DeSantis presidential candidacy . . . Reynolds was/is the Chair of the RGA :

Ongoing CRIMINALITY of Pfizer CEO Mr. Albert Bourla

The DeSantis / Reynolds / Bourla “*Final Report of the Twenty-Second Statewide Grand Jury*” was conceived in fraud, or at the very least resulted in fraud. This is *partially* confirmed as follows.

During their closed-door deliberations, and **a full two months prior** to their ludicrous “no crimes” Final Report, the DeSantis Grand Jury and its State Prosecutor Mr. Nicholas Cox, became fully aware of a tome, published in October 2024, **that was purposely NOT entered into evidence** :

The Pfizer Papers : The Pfizer Crimes Against Humanity

Ongoing CRIMINALITY of Pfizer CEO Mr. Albert Bourla – Conclusion

On Page 4 of my letter of 20 March 2025 to Missouri Attorney General Mr. Andrew Bailey, I presented **the 18 February 2025 CNBC interview of Mr. Bourla** (screenshot) :

Mr. Bourla was asked a very simple question, **one that he refused to answer** :

CNBC Question : ‘Vaccine manufacturers like yourself largely shielded from liability; if the product is safe & effective, what is the need to continue to shield, to have these liability shields, and what happens if those shields are changed or go-away completely?’

Bourla non-answer : If the product is not safe & effective we never get **approval** from FDA or from the other health authorities. They are very strict when they are approving products, particularly for vaccines, because exactly it’s given to healthy people. However in the system that litigations can flourish, anyone can create demands that uh, the accident in the car happened because of the vaccine. And uh with a jury, it’s going to be, it may be a flip of the coin. And this is I think why that Congress, it was not an administration, had passed this legislation. That is protecting those that they have **approval** from the FDA from certain liabilities. <sic>

“Approval”?! Bourla is gleefully aware of the key PREP Act distinctions; approved versus merely authorized, and that the latter provides **LIABILITY IMMUNITY**. As long as his HHS lackeys continue to assert a COVID emergency, the Pfizer modRNA contraption is shielded from litigation.

Terrorism of the Nation-Destroying COVID-19 Crime Syndicate *Page 1 of 2*

On the FBI website we find their definition of domestic terrorism / terrorists :

“Violent, criminal acts committed by individuals and/or groups to further ideological goals stemming from domestic influences, such as those of a political, religious, social, racial, or environmental nature.”

Such as rigging elections by delaying Pfizer “vaccine” trials announcement?

In his 15 May 2025 letter to **former Director of Pfizer Global Vaccines Research**, Dr. Philip Dormitzer (copied to Mr. Bourla); Congressman Jim Jordan (R-OH) states :

*“In November 2024, shortly after the election, Dr. Dormitzer approached a representative from the GSK human resources team to speak about a potential relocation abroad. As the human resources representative recalls, in their meeting, Dr. Dormitzer was visibly upset; he requested that he be relocated to Canada due to concerns that he could be investigated by the incoming Trump Administration over his role in developing **Pfizer’s COVID-19 vaccine**. According to the human resources representative, when asked what prompted his request, Dr. Dormitzer made a comment to the effect **‘Let’s just say it wasn’t a coincidence, the timing of the vaccine.’**”*
(See Rep. Jordan letter, Inner Sleeve – Front)

The 2020 election was rigged, partly by Pfizer. Had that not occurred, the photo at-right depicting amputations surgery of June 2021 would **not** exist :

The Addendum displays the “violent criminal acts” inflicted upon Mrs. Jummai Nache by BigAcademia and Big Pharma (See Pages 26 – 38 below).

The Naches are immigrants from Nigeria. I had the honor of attending their **Naturalization Oath Ceremony** (15 August 2025, Minneapolis, Minnesota).

Minnesota AG Keith Ellison (co-signer, 24 March 2021 “vaccine disinformation” letter, Page 7 above), and the University of Minnesota administrators that coerced the **modRNA employment mandate** upon Mrs. Nache, and then later amputated her legs and hand, did **not** attend.

Fraudulent FDA Webpage No Full Disclosure of Liability Immunity : Conspiratorial Censorship that *Disallowed* True INFORMED CONSENT

Intact / unchanged from the first Trump Administration, is the FDA webpage : **Emergency Use Authorization for Vaccines Explained**. A recent screenshot (red arrows added) :

Note that the word/phrase **LIABILITY** or **LIABILITY IMMUNITY** is *not* found.

The above webpage does **NOT** explain what an Emergency Use Authorization (EUA) entails; it **purposely** fails to warn, at the most fundamental esoteric legalistic dimension of an EUA.

It avoids alerting the taxpayers, such as Mrs. Jummai Nache (the people that pay the FDA salaries), about the all-important **long-term** medicinal end-user decision criteria of :

LIABILITY IMMUNITY

This FDA lie-by-omission, in behalf of their client BigPharma, which **obviated true informed consent**, was in-place prior to November 8 2016. But that FDA webpage remains unchanged :

Bi-Partisan Support for Terminating UnConstitutional LIABILITY IMMUNITY (The Tactical Underbelly of the COVID-19 Crime Syndicate)

In my letter of 14 February 2024 to Ambassador Mr. Xie Feng (China), I quoted 2024 primary candidate Mr. Vivek Ramaswamy at the debate of 6 December 2023 ; Mr. Ramaswamy is currently a gubernatorial candidate in Ohio :

Question : “The Trump Administration and private industry developed a COVID vaccine in record time. **The program protected the drug companies from virtually all lawsuits over vaccine injuries** . . . Mr. Trump says he is very proud of (Operation) Warp Speed; should he be?”

Response: “Well, this question, specifically on liability, goes back to actually Reagan, and Reagan is a president who I admire; many of us do. I think that reviving that spirit is in many ways going to be good for this country in so many ways. But one of the areas where he erred was this special form of lobbying, to say that one kind of manufacturer, a vaccine manufacturer, cannot be sued for their product liability. **So I pledge as part of my legislative agenda, we will repeal that.**”

“I don’t think that *any* industry should be immune from legal responsibility.”

Bi-Partisan Support for Terminating UnConstitutional LIABILITY IMMUNITY (The Tactical Underbelly of the COVID-19 Crime Syndicate)

Voices of the Vaccine Injured

In the context of the horror inflicted upon modRNA injured or killed by the COVID-19 Crime Syndicate; this long-overdue bipartisan support fails to address thee key aspect of my LIABILITY IMMUNITY revocation demand :

Retroactive revocation beginning **11 December 2020**, date of the fraudulent Emergency Use Authorization (EUA) granted by the FDA in behalf of Pfizer Inc.

This date is crucial if justice is to be meted against the COVID-19 Crime Syndicate, which includes, according to Mr. Bourla, “academic collaborators” such as the University of Minnesota that coerced their Medical Assistant Mrs. Jummai Nache (through threats of employment dismissal) with injection of the Pfizer modRNA poison. A sample of the results of that coercion of the UMinn/Pfizer poisoning is shown next.

Victim of LIABILITY IMMUNITY – modRNA Injured Mrs. Jummai Nache

At a 22 October 2020 FDA meeting, two known dangers of the modRNA poison were presented : **venous and arterial thromboembolism**.

At the briefing of 10 December 2020, Pfizer was listed as “sponsor.” **Pfizer lied repeatedly**; that there was no “causal relationship” between modRNA technology and “thrombotic events.”

Shown at-left, Mrs. Jummai Nache in recovery (21 June 2021) after enduring amputations caused by post-modRNA thrombotic events (!!) .

Detailed photo-history, please review the Addendum, Pages 26 – 38 below.

Philip and Jummai Nache are from the African country of Nigeria. They moved to the United States and now they tell other Africans who moved here about Jesus.

Photo above taken in 2019, prior to the Anthony Fauci “surprise outbreak.” Note that, similar to the deeds of the late Mr. Charlie Kirk; Mrs. Nache and Pastor Philip Nache *formally* preach the Good News about Jesus.

Reiteration of Retroactive Revocation Request – “Justice in America”**What is the downside of retroactive revocation of LIABILITY IMMUNITY?!**

Given the **overwhelming evidence of willful misconduct** it is impossible to specify, with any degree of alacrity, the downside of an Executive Order that revokes LIABILITY IMMUNITY for the so-called COVID-19 “vaccine.” Indeed, such as EO would be praised worldwide ! *

The revocation-effective-date of 11 December 2020 is essential for ensuring that, at the very least, severe injury and death victims of the FDA Emergency Use Authorization (EUA) are included in the range of clients that would then be able to solicit the legal wherewithal of the plaintiff’s bar.

In your TruthSocial post (Page 4 above), you reference **“information from Pfizer.”** In the interest of credibility and public health; certainly the **“Drug Companies”** would be willing to justify their **“Great Numbers”** in open court, subject to cross examination by the Plaintiff’s bar :

EVERY OTHER INDUSTRY OF THE HUMAN ENTERPRISE ALREADY DOES SO!

In your post (Page 4 above), **“I hope Operation Warp Speed was as BRILLIANT as many say it was.”** However, the **“many”** openly oppose revocation of LIABILITY IMMUNITY. **

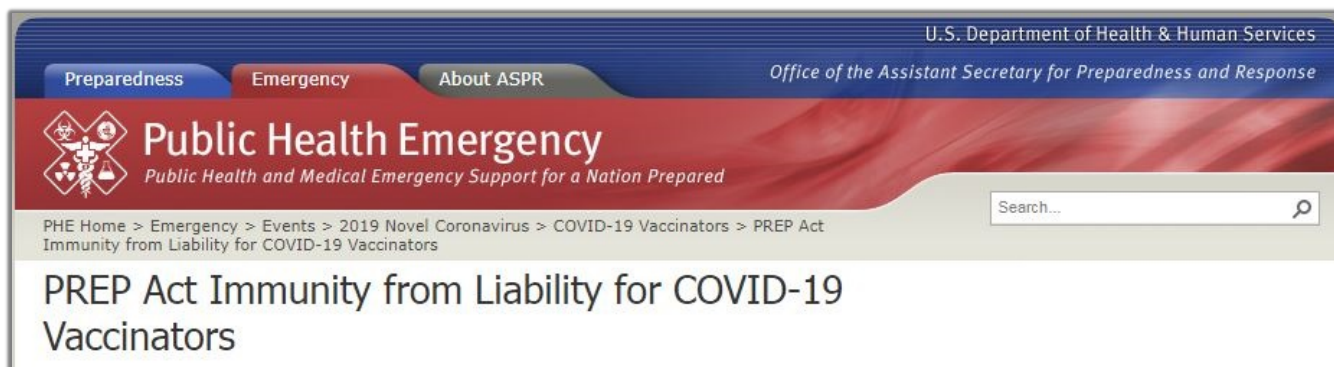

Fauci says he will resign if Trump retakes the presidency in 2024

Fauci said ‘no’ when asked if he would stay on as National Institute of Allergies and Infectious Diseases director under Trump again

* The adolescent rebuttal, “threat to innovation,” is absurd. Apparently only BigPharma is so inept (in an alleged emergency), their innovators must be shielded from the plaintiff’s bar. In addition to Fauci and Pfizer, another example of a vested racketeer is shown at Inside Sleeve - Rear.

** For a representative sampling of the “many,” see EPILOGUE 2, Pages 40 - 41 below.

Reiteration of Retroactive Revocation Request – “Justice in America” *Con’t*

Willful misconduct is the basis for revocation under the PREP Act; from Page 1 above :

“The issue of willful misconduct is more than covered with evidence that is already in the public domain. In my opinion, we are well into **criminal conduct**. So we have the issue of voiding the LIABILITY IMMUNITY provision; we are way beyond having that voided with evidence that is already in the public domain.”

Enclosure 1 contains eight Formal Demands I made upon Mr. Fauci on 24 March 2022 . . . #8 :

You are to assert in the Public Domain the following legal fact : As more truth is revealed regarding (a) the manner in which SARS-CoV-2 and its variants came into existence, (b) the decades-old history of how “COVID-19 vaccines” were developed, (c) how the “COVID-19 vaccines” were deployed under the Emergency Use Authorization, and (d) the concealment of ongoing adverse events data (worldwide); that as these revelations confirm **the long-standing and ongoing existence of “willful misconduct,”** that such revelations vacate the protections/provisions of your liability immunity; that the latter is no longer legally valid, and that civil liability lawsuits are justified and viable.

Please review EPILOGUE 1, Page 39 below.

Prior to **Enclosure 1**, Mr. Fauci was already aware of my public assertions regarding a stark reality of the COVID-19 Crime Syndicate :

“The COVID-19 ‘vaccine’ was not created in response to the SARS-CoV-2 virus, but the exact opposite.”

Further confirmation of this crime-against-humanity is about to become part of the US Senate.

Reiteration of Retroactive Revocation Request – “Justice in America” *Con’t*

On 9 September 2025, the Committee on Homeland Security, chaired by Senator Rand Paul (R-KY), sent a letter to “**America’s Doctor**”. . . Mr. Anthony Fauci. Their third paragraph beckons **further** confirmation of the stark reality (See *Sen Paul letter, Inner Sleeve – Front*) :

However, emails obtained by the Committee appear to contradict your testimony. For example, in an email dated February 2, 2020, you directed then-NIH Director Dr. Francis Collins to “Please delete this e-mail after you read it.”⁴ In another email dated July 20, 2020, to an NIH employee you stated, “I do not want to engage any more with this nonsense. And so, please delete this e-mail after you read it.”⁵

In truth, the bag man of the COVID-19 Crime Syndicate is just a common thug.

Subject : Ongoing Investigations of Biden Administration Crimes :
FBI Work Load Assistance, Presidential Executive Order,
Retroactive Revocation of LIABILITY IMMUNITY for COVID-19 “vaccine”

Your TruthSocial post (Page 4 above) does not mention thee underbelly of the COVID-19 Crime Syndicate : LIABILITY IMMUNITY. In the context of the lies you were told, which coaxed you to connect to **Operation Warp Speed**; I re-assert my studied opinion :

There is nothing “great” about a “vaccine” that is so dangerous that its vested interests must cower behind LIABILITY IMMUNITY.

That is, you and the First Family were *a/so* victims of the COVID-19 Crime Syndicate, and at a multiplicity of levels; from lockdowns, to election rigging, to brutalizing censorship, to outright lies about the developmental origins and effectiveness of the poisonous modRNA needles. Without changing your family name from Trump to Nache, **you too are victims of LIABILITY IMMUNITY.**

Given the ever-increasing interconnectedness of the domestic and globalist criminals (with the COVID-19 Crime Syndicate a key operative) **the workload of the FBI has never been higher.**

Given this interconnectedness, there is no downside to unleashing the Plaintiff’s Bar upon the COVID-19 Crime Syndicate; most especially regarding the similar evidential discovery, and resulting prosecutorial procedures :

Indeed, the US Senate and the US Congress would *a/so* derive workload reduction benefits.

Note . . . I am not requesting that you issue a Presidential Executive Order that overturns the PREP Act . . . I am requesting an EO that enforces it :

Request : Please issue an Executive Order that revokes the LIABILITY IMMUNITY that was granted for the modRNA technology (COVID-19 “vaccine”) ; retroactive to the FDA EUA date of 11 December 2020.

Given the overwhelming evidence of “willful misconduct” (and beyond), there is no honest reason not to issue this EO. The interests claiming otherwise are vested in the **FAUCI PARDON**.

Meeting Request

The Addendum, Pages 26 – 38 below, presents the horror inflicted upon Mrs. Jummai Nache. Next, a photo of our celebrations following the ***Naturalization Oath Ceremony*** of 15 August 2025.

The Nache family would like to meet with you at the White House as patriots and citizens of the United States of America. My recommendation is that the arrangements coincide with your signing of the Presidential Executive Order requested above.

I will be calling your office to formalize the meeting arrangements. Thanking you in advance,

I remain respectfully yours,

Paul V. Sheridan

**Mrs. Jummai Nache - Medical Status After University of Minnesota
Employer-Mandated Pfizer modRNA Injections**

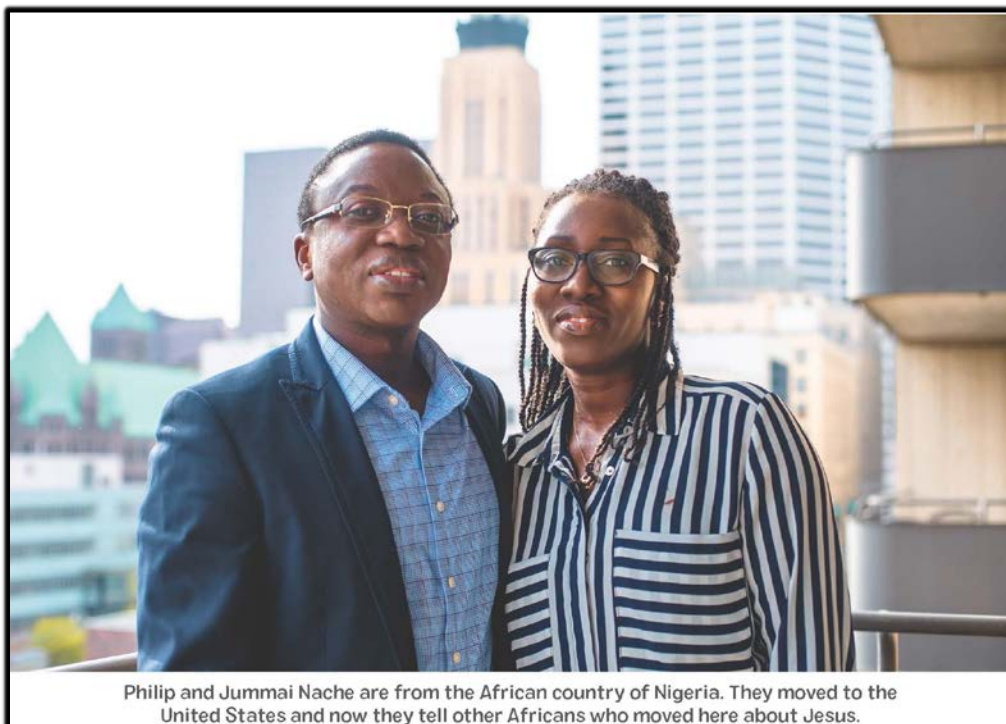

Mrs. Jummai Nache and devoted husband Philip; learning how to walk on prosthetic limbs. Amputation of her limbs caused by modRNA injection mandated by her former employer, the University of Minnesota (UMinn).

A non-smoker, a non-drinker, a "*model of health*" prior to Pfizer needle; amputations in pictorial review caused by modRNA-induced venous and arterial thromboembolism. Such was not merely foreseeable but a known "*mRNA*" danger, discussed in-detail at the secret FDA meeting of 22 October 2020. That meeting occurred prior to their Emergency Use Authorization (EUA) of 11 December 2020, where the dangers were ignored.

The EUA allowed Pfizer, hospital administrators, university officials, medical doctors, clinicians, nurses, et al. to inject the modRNA poison under the secretive protections of LIABILITY IMMUNITY.

RECENT CONGRESSIONAL TESTIMONY OF DR. ANTHONY FAUCI (8 January 2024)

“The China Virus”

EXHIBIT 1 contains my essay entitled :

Review of the COVID-19 Crime Syndicate

The COVID-19 “vaccine” was not created in response to the SARS-CoV-2 virus, but the exact opposite

EXHIBIT 1 discusses the 8/9 January 2024 hearing of the *House Select Committee on the Coronavirus Pandemic*. The Committee obtained the testimony of **Dr. Anthony Fauci**. Congresswoman Marjorie Greene summarized as follows :

“I think what has taken-me-back is the fact that Dr. Fauci fully believed in creating or enhancing viruses using the Gain of Function (GoF) research or that capability in order to create vaccines.

And this is a shocking thing to think about; the average person or most doctors practicing, you know, every day in their doctor’s offices, are blown away with the fact that he would create or enhance a virus in order to create a vaccine to fight it, because the risk is so high.

And what is shocking to me is that back in 2012 he actually wrote a paper about it, and wrote about a scenario that a pandemic could get released upon the world, and he spelled that out in his article. And in the article he says that it is worth the risk. But it’s not worth the risk, because millions of people died. Millions of people lost loved ones.

And actually this is more of an evil version of science, it is like a Dr. Frankenstein of science, that American taxpayers would never want their tax dollars used for. The clarity that I heard him talk about, that we were asking him about this specific article is that he knew the risks. And that is clear. Not only did he write about it in 2012, but we were talking about it in there.

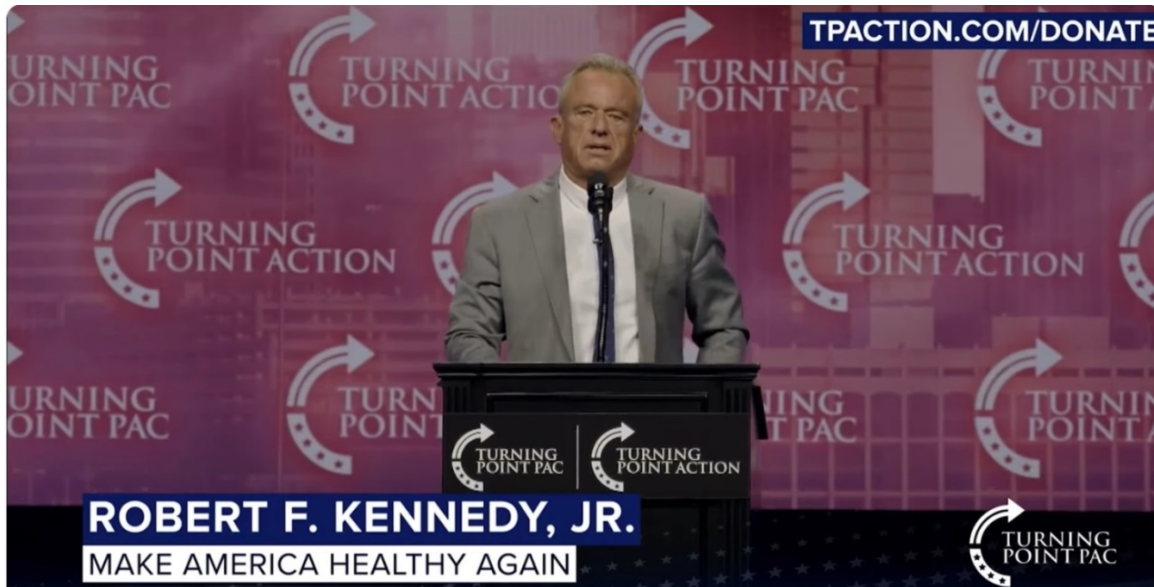

And I think I can speak for many Americans, when I can say ‘absolutely’ that he belongs in jail for that.”
