Subject : **The Suicide Death of 16-Year-Old Spencer Smith Due to State of Maine “COVID-19 Pandemic” School Closures**

Reference 1 : **My Letter of 21 December 2020 to Mr. Anthony Fauci**

Reference 2 : **Governors Working Session at the White House on 21 February 2025**

Reference 3 : **The Terrorism Inflicted Upon Mrs. Jummai Nache and her Family**

Definition : **Terrorism : The unlawful use of violence and intimidation, especially against civilians, in the pursuit of political aims. (Oxford Dictionary)**

Dear Madam First Lady :

I was motivated by your words and deeds in behalf of children; to forward a courtesy copy of Reference 1 (Tab 1). On Page 21 of that letter I formally accused Mr. Anthony Fauci and **Reference 2 attendee** Maine Governor Ms. Janet Mills, as follows :

“On the basis of the above discussions, and upon the declaration made by Dr. Robert Redfield, I hereby accuse you of Gross Criminal Negligence, which is directly connectable to the suicide death of 16-year-old Spencer William Smith. I hereby extend that same charge and add the charge of ‘Child Abuse’ to Governor Janet Mills of Maine.”¹

Discussion : The “pathological liar” Mr. Anthony Fauci

As thee enemy of the Father, there are several offenses that Satan cherishes. But none are more insufferable to the Father than suicide . . . when a human soul, through the exercise of His divine gift of free will, decides to end their life. And no offense is more agonizing to the Heavenly Father then when the sin of suicide involves our children.

Question : When child suicide is instigated by those who are the legal or custodial guardians, who had veiled their terrorism behind the rhetoric of an alleged pandemic: What needs to be the legal fate of the Satanic wretches that are directly guilty of that instigation?

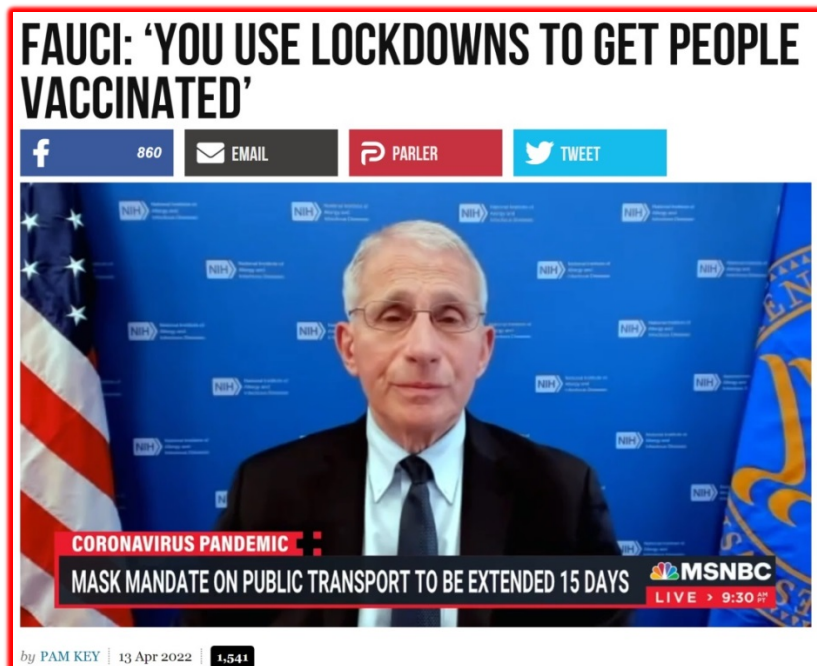

The repulsive antics of Governor Mills during Reference 2, endured by the President, compels *re*-presentation of Reference 1.²

¹ Please see Dr. Robert Redfield quote of 19 November 2020 in **Conclusion**, Page 15 below

² I telephoned the governor’s office of Maine in early January 2021 (207- 287- 3531); staff confirmed USPS receipt (please see address entry in left column, Page 22, Tab 1). No response. Please see Pages 9-15 below.

Discussion : The *“pathological liar”* Mr. Anthony Fauci *con’t*

Regarding the addressee of Reference 1 . . . that Mr. Fauci is a *“pathological liar”* is no longer disputed.³ This is especially true with respect to his **COVID-19 lockdowns** and the horrific effect school closures had upon the physical and mental health of our K-thru-12 children.

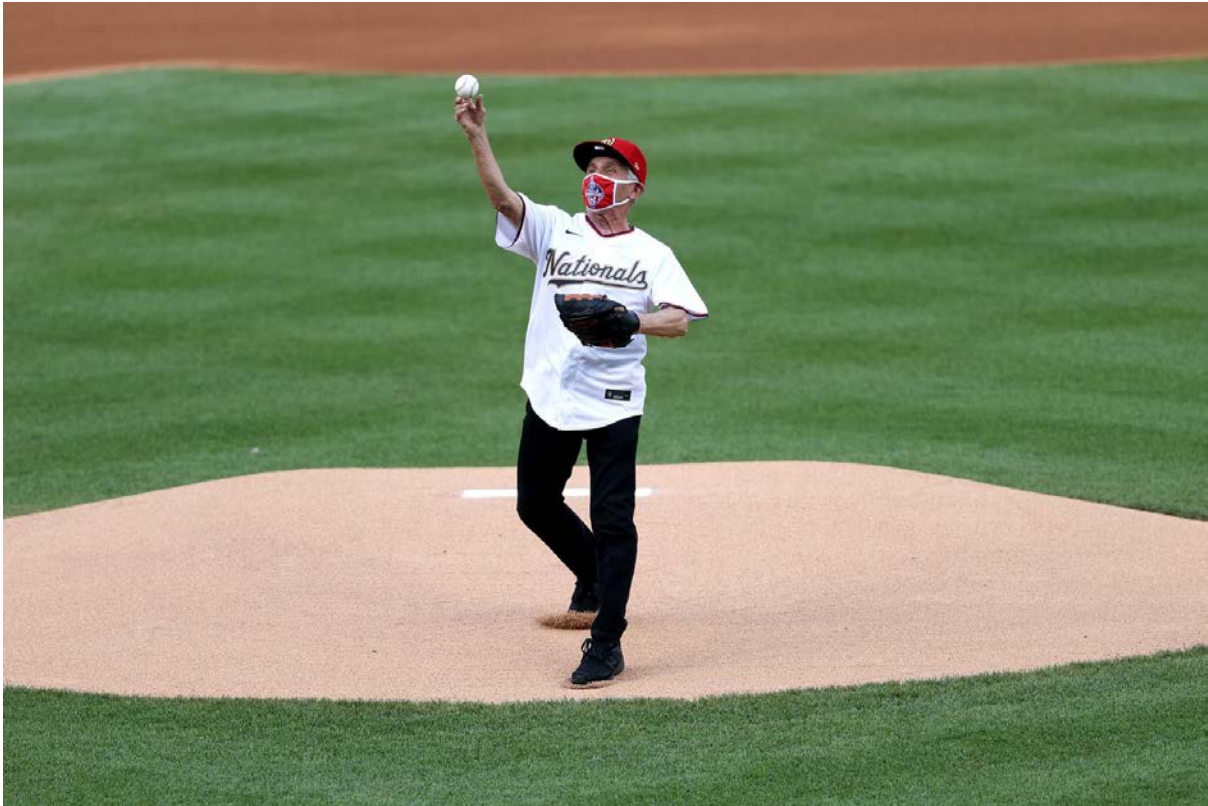

³ August 3 2021 quote from esteemed Cornell Professor of Chemistry, Dr. David Collum regarding Mr. Fauci: *“He’s a pathological liar!”* (Cornell University is my alma mater, and that of Mr. Fauci.)

Anthony Fauci’s new COVID-19 guidance: ‘Do what you’re told’

Fauci Said He ‘Did Not Recall’ Specifics on Covid Origins, Pandemic Policies over 100 Times in Closed-Door Testimony

Discussion : The “pathological liar” Mr. Anthony Fauci con’t

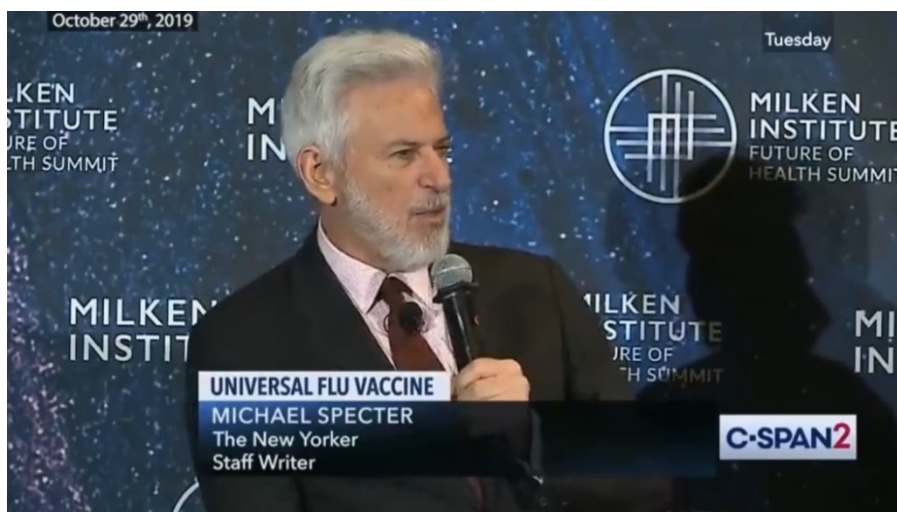

The key behavioral characteristic of a terrorist is lying. ⁴ Long after receiving Reference 1, Mr. Fauci was interrogated by the US Congress regarding his role in the COVID-19 K-thru-12 school closures (which is directly connected to the Subject suicide). In January 2024, Mr. Fauci testified over 100 times, **“I don’t recall” ???**

On October 29 2019, Mr. Fauci was a summit panel speaker in New York City ‘The Future of Health.’ It was held at the Milken Institute which is a short walk to the global headquarters of Pfizer, Inc. At this event the panel re-announced the plan to launch a “pandemic” :

“ . . . an outbreak of a novel avian virus could occur in China somewhere.”

Seated stage left we find moderator, Mr. Michael Specter :

Immediately after the January 20 2017 inauguration of President Donald Trump, Mr. Specter authored a preemptive attack entitled: ***The Deep Denialism of Donald Trump : The impact of Donald Trump's denialist theories on climate change, vaccination, and science.***

⁴ For a detailed review of the long-history of terrorist activities conducted by Mr. Anthony Fauci, please read **“The Fauci/COVID-19 Dossier”** by Dr. David E. Martin.

Discussion : The *“pathological liar”* Mr. Anthony Fauci*Conclusion*

Mr. Specter is an enemy of President Trump. He is an ally of Mr. Fauci. The key operative of COVID-19 was the pre-planned lockdowns. Lockdowns served a range of agenda items, from 2020 election rigging to coercive threats; specifically the plan to inflict severe economic and social misery upon “vaccine deniers;” those that refused the modRNA mandates.⁵

Mere weeks before the 2020 election, Mr. Specter authored an audio book called *“Fauci.”* This attack was *also* focused against **President Trump** . . . who opposed vaccine mandates, and **was trying to reopen the country.** In that October 2020 audio book, Mr. Fauci proclaimed :

“Once people feel empowered and protected legally (by liability immunity), you will gonna have schools, universities, and colleges are gonna say, ‘You wanna come to this college buddy? You’re gonna get vaccinated. Lady, you’re gonna get vaccinated.’

Big corporations like Amazon, and Facebook, and and and all of those others are gonna say, ‘You wanna work for us, you get vaccinated.’

And it’s been proven that when you make it difficult for people, in their lives, they lose their IDEOLOGICAL BULLSHIT, and they get vaccinated!”

With this October 2020 quote in view, the following cannot be over-emphasized :

Had the Trump re-opening been allowed, the Subject suicide would have been prevented.

Two months after that Fauci quote, Ms. Mills is *“empowered and protected legally,”* and she is enforcing the ongoing closure of K-thru-12 schools in Maine. As instigated by her and Fauci, 16-year-old Spencer Smith has lost his *“ideological bullshit”* . . . and has committed suicide:

INTERMISSION - 1

Former governor of North Dakota, Mr. Douglas Burgum, and former governor of South Dakota, Ms. Kristi Noem, are now Cabinet members in the Trump Administration. Mr. Burgum is secretary of the Department of the Interior, and Ms. Noem is secretary of Homeland Security :

These former governors had **polar-opposite responses** to the Fauci demand that our children be in lockdown until injected with the COVID-19 modRNA “vaccine” from BigPharma :

One is compelled to ask: What would the fate of Spencer Smith have been had he resided under the leadership of Governor Noem, rather than Governor Mills? (Please see overleaf)

Discussion : The *Ongoing* Criminality of Maine Governor Ms. Janet Mills

At the White House Governors Working Session of February 21 2025, the President reviewed his Executive Order, *KEEPING MEN OUT OF WOMEN'S SPORTS* (February 5 2025).

Maine Governor Ms. Janet Mills was asked directly, and politely, if she intended to comply with that executive order. With predictable inaccuracy Ms. Mills snidely blurted :

“I’m complying with state and federal laws.”

Is her outburst even remotely true? Is she duplicitous?

When the President asserted the obvious, that federal law *is* established by Executive Order, and that non-compliance would jeopardize **federal funding**, Ms. Mills threatened the President :

“See you in court!”

Does Ms. Mills have a history of complying with federal law? Or is her compliance restricted to issues that suit the agendas of her anti-Trump allies? Does she have experience with the relationship between compliance with federal law and federal funding?

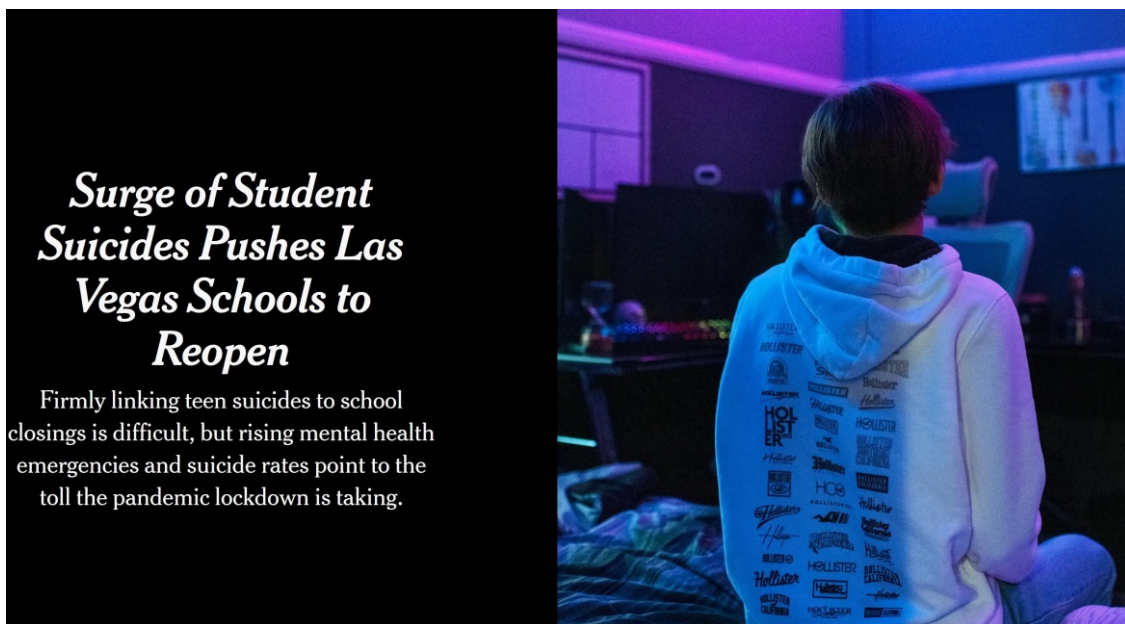

Alternatively, did she offer complicity during the so-called COVID-19 pandemic, criminalizing the **“ideological bullshit”** of her Maine constituents; doing so in behalf of charlatans like Mr. Fauci. Did her COVID-19 school closures ensure . . . federal funding? ⁶

⁶ Please review Mr. Fauci’s **“ideological bullshit”** quote on Page 7 above.

Discussion : The *Ongoing* Criminality of Maine Governor Ms. Janet Mills *con't*

Throughout 2020, data was widely available confirming an increase in youth suicides, which was scientifically connectable to school closures. On March 15 2020 Ms. Mills declared a COVID-19 'state of emergency' . . . specifically because it **“allows the state to access federal funding and allows for suspension of certain laws.”** ⁷ Contrary to her duplicative outbursts at the White House, when she supports an agenda she has no problem submitting to the conditional relationship between compliance with federal law and federal funding.

That the **increase** in youth suicide was connectable to school closings is undeniable. But that did not stop the propagandists at the New York Times from spewing the exact opposite :

The byline, **“Firmly linking teen suicides to school closings is difficult”**!? That NYT article was published on January 24 2021. But in December 2020 it was **already** widely-disseminated that the December 4 suicide note of 16-Year-old Spencer Smith specifically pointed to the Maine lockdowns as the basis of his decision. Difficult ?!

In mid 2020, Dr. Robert Redfield of the CDC had already connected school closings to an increase in child suicides; that (K-thru-12) closures posed a **“substantial public health negative consequence.”** Regardless of that quote, six months later the New York Times was still lying, babbling that the school closure / suicide connection was “difficult.” ^{8 9}

⁷ For Mills, Fauci and Pfizer the latter reads “United States Constitution” and the “Civil Rights Act.”

⁸ Please see sworn Dr. Redfield testimony of November 19 2020, Page 15 below : **“The truth is, for kids K through 12, one of the safest places they can be from our perspective is to remain in school.”**

⁹ It did not matter to the NY Times that the *Great Barrington Declaration*, co-authored months earlier by “fringe epidemiologist” Professor Jay Bhattacharya, had over 300,000 signatures, and forcefully declared: **“Those (children) who are not vulnerable should immediately be allowed to resume life as normal.”**

Discussion : The *Ongoing* Criminality of Maine Governor Ms. Janet Mills *con't*

Again, does Ms. Mills have prior direct experience with the conditional relationship between federal law and **federal funding**? She not only touts experience with the more strident federal laws, her history includes a groveling compliance with mere “health guidance” from globalists !

The COVID-19 Crime Syndicate had **schemed** “health guidance” compliance as conditional to federal funding. That scheme was central to the modRNA mandates. ¹⁰

In 2020/2021 Ms. Mills was *notoriously* enforcing the COVID-19 schemes. Indeed she had no reservations when ignoring the real world consequences of her school closures; such as prior documented prognostications that Maine youth would resultantly be at an increased risk of suicide. Given that federal funding was tied to those closures, the reality of increased suicide risk had no mitigating effect on her lockdown tyranny.

In stark contrast, unlike her self-righteous behavior at the White House, when her 2020/2021 compliance with “health guidance” was in blatant violation of the United States Constitution, she never stood up in defense of the citizens of Maine . . . and she certainly never blurted :

“See you in court!”

Please re-read red bolding, Page 7 above.

¹⁰ Please see Mr. Fauci “*ideological bullshit*” quote, Page 7 above.

Discussion : The *Ongoing* Criminality of Maine Governor Ms. Janet Mills *con't*

Again, at the Governors Working Session, Ms. Mills blurted her insult at President Trump :

“I’m complying with state and federal laws.”¹¹

In December 2020, I presented to Governor Mills the relevant Maine state law : **The Child and Family Services and Child Protection Act** . . . a screenshot from my Reference 1, Page 18 :

Title 22, Subtitle 3, Part 3, Chapter 1071 is entitled: Child and Family Services and Child Protection Act. Subchapter 1, [Section 4002](#) provides definitions:

Paragraph 1 is entitled: Abuse or neglect.

Abuse or neglect means a threat to a child's health or welfare by physical, mental or emotional injury or impairment, sexual abuse or exploitation including under . . . deprivation of essential needs or lack of protection from these or failure to ensure compliance with school attendance requirements . . . by a person responsible for the child.

Paragraph 1C is entitled: Best interest of the child.

Paragraph 2 is entitled Child:

Child means any person who is less than 18 years of age.

Paragraph 5 is entitled: Custodian.

Custodian means the person who has legal custody and power over the person of a child.

Is Ms. Mills going to argue that her “*abuse or neglect*” is not connectable to the Subject?

Is Ms. Mills going to argue that her school closures did *not* constitute “*a threat to (Spencer’s) health or welfare by physical, mental or emotional injury or impairment . . . including . . . failure to ensure compliance with school attendance*”!?

Is Ms. Mills going to argue that her actions were “*in the best interest of (Spencer)*” ?

Is Ms. Mills going to argue that her actions as Governor of Maine she did *not* assert her “*legal custody and power over the person of a child (Spencer)*” ?

Similar to the war criminals on trial at the Nuremburg Tribunals, Ms. Mills will likely claim that she was merely following orders. (such as Mr. Fauci’s “health guidance”).¹²

Please see final red bolding, Page 15 below.

¹¹ Ms. Mills is a liar. The only real compliance she enjoys is a shared degraded status with COVID-19 co-criminal Mr. Fauci. Please review Footnote 2, Page 2 above. Please see her séance mediumship on Page 14 below.

¹² Please re-read Footnote 7, Page 10 above. Please re-read Fauci “*health guidance*” at-bottom Page 2 above.

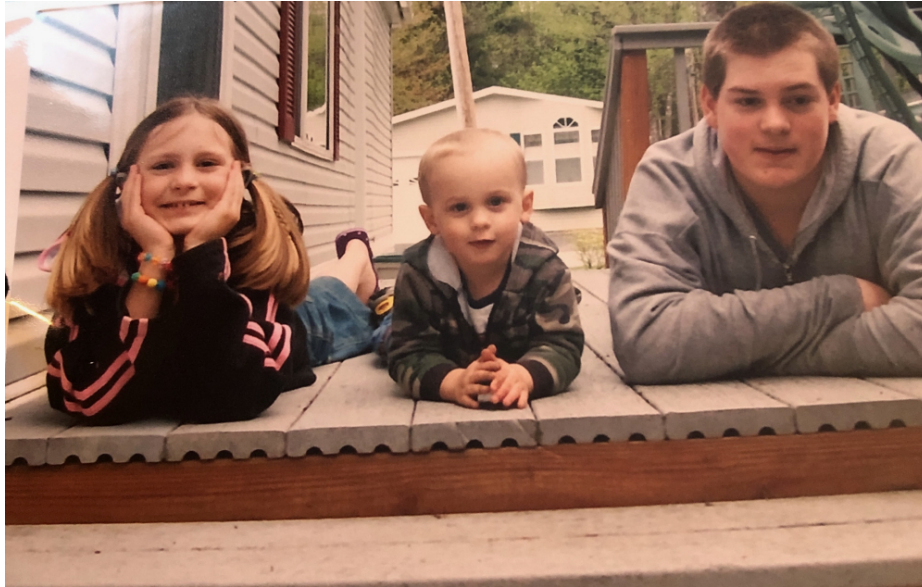

Discussion : The *Ongoing* Criminality of Maine Governor Ms. Janet Mills *con't*

Below, sample family photos of the child Spencer Smith prior to the never-ending school closures enforced by Maine Governor Janet Mills; closures he specifically mentioned in his suicide note of December 4 2020 :

Discussion : The *Ongoing* Criminality of Maine Governor Ms. Janet Mills *Conclusion*

In 2020, Governor Janet Mills functioned under State of Maine law, she was a “*Custodian who has legal custody and power over the person of a child.*” Such as the child shown at far right :

To the best of my knowledge, at no time did Governor Mills, or a member of her staff, take the time to contact the family or friends of 16-year-old Spencer Smith to offer condolences.

Although she had no time to protect the children of Maine, Ms. Mills *did* have time to sanctify Satanic sexual rituals, acting as a medium at a demon possessed LGBTQ+ séance:

CONCLUSION

As thee enemy of the Father, there are several offenses that Satan cherishes. But none are more insufferable to the Father than suicide . . . when a human soul, through the exercise of His divine gift of free will, decides to end their life. And no offense is more agonizing to the Heavenly Father then when the sin of suicide involves our children.

From Reference 1, my December 21 2020 letter to Mr. Anthony Fauci, Page 20 :

On 19 November, with the Director of NIAID (Fauci) present, Dr. Redfield declared at a White House press conference of the Coronavirus Task Force :

“The truth is, for kids K through 12, one of the safest places they can be from our perspective is to remain in school.”

I hereby **re-assert** my December 21 2020 accusation against Mr. Anthony Fauci **and** Governor Janet Mills of Maine; from Reference 1, Page 21 (screenshot) :

On the basis of the above discussions, and upon the declaration made by Dr. Robert Redfield, I hereby accuse you (and others) of Gross Criminal Negligence, which is directly connectable to the suicide death of 16-year-old Spencer William Smith. I hereby extend that same charge and add the charge of ‘Child Abuse’ to Governor Janet Mills of Maine.

Had the President Trump plan to re-open our schools not been subverted by Mr. Anthony Fauci and Maine Governor Janet Mills and others, the suicide of 16-year-old Spencer Smith would have been prevented.

Respectfully yours,

Paul V. Sheridan
