Shown at-left: Mrs. Nache and devoted husband Pastor Philip Nache learning how to use **prosthetic limbs** post modRNA-induced blood clots / amputations surgery.

Shown at-right: In June of 2021, the same month that Mrs. Nache endured amputations of her legs; the defendant Attorney General Letitia James, a co-signer of Document 3, prancing with **God-given limbs** in deference to Pride Month.

Excerpt from CONCLUSION (Page 25 below) :

“Vaccine Disinformation” is the subject of their precursor letter (TAB 3). **Authored by the same Attorney General Ms. Letitia James**, a priority of S895B, “disinformation or misinformation,” exposes its true client : BigPharma. But the *underlying* operative of S895B is twofold :

- (1) Ongoing censorship of essential medical information, subverting true informed consent (especially versus New York based client Pfizer, and their modRNA “vaccines”).
- (2) Concealment of willful misconduct by BigPharma through “platform moderation of vaccine disinformation.” **This is a crucial true purpose. Through ongoing evidentiary censorship, Presidential or Congressional revocation of LIABILITY IMMUNITY remains tentative.**
